## JAPANESE GENERAL A SUICIDE

GEN. NOGI, HERO OF RUSSIAN  
WAR, AND HIS WIFE FOLLOW  
ANCIENT CUSTOM IN HONOR  
OF DEAD EMPEROR.

Tokio, Japan, Sept. 13.—Gen.  
Count Marezung Nogi, Supreme Mil-  
itary Counselor of the Empire, and his  
wife, the Countess Nogi, committed  
suicide tonight in accordance with  
the ancient Japanese custom as a  
final tribute to their departed Em-  
peror and friend, Mutsuhito.

The death by their own hands of  
the famous general and his wife was  
as dramatic as it was sad. The gen-  
eral cut his throat with a sword and  
the countess committed harikari.

### Make Careful Plans.

Following the Samurai custom, the  
couple had carefully prepared their  
plans for killing themselves, and  
timed them so that they would be  
coincident with the departure forever  
from Tokio of the dead emperor.

Gen. Nogi and the countess had at-  
tended the funeral services of Mutsu-  
hito at the palace here today, and it  
was expected that they would pro-  
ceed to Aoyama tonight with the cor-  
tege. Instead, however, at the con-  
clusion of the ceremony at the palace,  
they withdrew to the modest home in  
Atazaka, a suburb of Tokio, and there  
began their final preparations for  
death.

First the general wrote a letter to  
his new emperor, Yoshihito, which  
letter was found beside his body.  
Then he draped in mourning a por-  
trait of the late emperor, which hung  
on the wall, and afterward he and his  
wife dressed themselves in full Jap-  
anese costume and drank a farewell  
cup of sake from cups, which had  
been presented to the general by  
Mutsuhito.

### Await Signal.

Darkness had fallen and Gen. Nogi  
and the countess sat and awaited the  
signal they had agreed upon to an-  
nounce their leave-taking. This was  
the booming of a signal gun in the  
palace grounds at Tokio, which was  
to let the people know that the body  
of the emperor was starting on the  
funeral car for its last resting place.

As the boom of the gun resounded  
through the clear, still night, Gen.  
Nogi arose and, grasping in his hand  
a short sword, plunged it into his  
throat, while the countess stabbed  
herself through the body. A student  
who resided in the Nogi home heard  
the fall of the bodies and rushed into  
the room. Lying upon the floor were  
the hero of Port Arthur and his wife.  
Both still were breathing, but their  
spasmodic gasps showed plainly that  
death was near. The student hurried  
for aid, but when he returned with it  
both the general and the countess  
were dead.

P. A. NORRIS' DEMONSTRATION.  
COTTON CROP A HUMMER.

This year P. A. Norris has again  
followed the directions of the gov-  
ernment demonstration department in  
raising cotton and is more firmly  
convinced than ever that the yield  
in Oklahoma can be doubled with-  
out increasing the acreage. Last  
year he made fourteen 535-pound  
bales on sixteen acres, and this time  
he expects to get not less than a  
bale to the acre on his field of eigh-  
teen acres. This, too, in the face of  
the fact that he got a poor stand at  
first and considerable damage was  
done by washing rains. The cotton  
is planted in rows four and a half  
feet apart. Acting under instruc-  
tions from the department he had the  
cotton plowed the last time about  
three days before beginning picking.

In view of the fact that many oth-  
ers followed the instructions of the  
agent to a greater or less extent this  
year, the News would be pleased to  
hear something of the results obtain-  
ed by these farmers.

### Odd Fellows' Gathering.

Winnipeg, Man., Sept. 14.—Mem-  
bers of the Independent Order of  
Odd Fellows from all parts of the  
continent, together with many repre-  
sentatives of the women's auxiliary,  
the Rebekahs, gathered in Winnipeg  
today for the annual communication  
of the sovereign grand lodge, which  
will be opened on Monday.

It is estimated that by Monday 50-  
000 members of the fraternity will  
be in the city. Today the Odd Fel-  
lows and the visiting ladies were  
given an excursion on the Red river.  
Tomorrow special services for the  
visitors will be held in Grace church.  
The officials welcome will take place  
Monday morning in the Central Con-  
gregational church. Greetings will be  
extended by Sir Redmond Roblin,  
premier of Manitoba; Mayor Waugh

of Winnipeg and others. Grand Sire  
Cockrum of Indianapolis, will re-  
spond for the visitors. After the ex-  
change of greetings the delegates will  
adjourn to Convention Hall for the  
first of the business sessions of the  
sovereign grand lodge.

The drill contests of the Patriarchs  
Militant will take place daily on the  
university grounds. The parade on  
Wednesday afternoon and the mili-  
tary ball on Wednesday evening are  
principal features of the week's pro-  
gramme.

The rain has amounted to more  
than an inch and will probably mark  
the end of summer and beginning of  
fall. Whether it will do any particu-  
lar good or harm to the cotton crop  
remains to be seen, but at all events,  
cooler weather is certain to follow.

## BLACK LAND ROADS LOSE THEIR TERROR

NEWS MAN TAKES TRIP OVER  
PIKES OF ELLIS COUNTY, TEX.  
COST \$1,800 PER MILE.

Some days ago, while in Ellis coun-  
ty, Texas, I had an opportunity to  
inspect some of the pike roads which  
have been built there within the  
past three or four years.

Ellis county is in the blackest of  
the black land counties, an in former  
times a rain meant that all heavy  
traffic must cease, and if the rains  
continued any length of time, even  
travel in light vehicles came to an  
end for the time being. Now how-  
ever, all this is changed, and the  
farmers have formed the habit of  
waiting until it is too wet to work  
in the fields before hauling their  
produce to town.

My main observations were made at  
Italy, a town in the southeastern cor-  
ner of the county, which is in the  
center of a road district that has  
built fifty-one miles of road at an  
average cost of \$1,800 per mile. The  
material used is a sort of white rock  
gravel, which is abundant in places.  
The road bed was carefully graded  
up so that the ditches along the side  
may carry off the water as fast as  
it falls. Then the material is dump-  
ed, the middle of the road being cov-  
ered to a depth of eighteen inches  
and gradually growing thinner to-  
wards the sides. The road runs  
through the town of Italy and is so  
well built that a ten penny nail can-  
not be driven into it. Mayor J. M.  
Parker was one of the prime movers  
of the enterprise and also inspected  
the work carefully as it was being  
done. He stated that many laughed  
at the work and thought the material  
was no good, and the first heavy rain  
seemed to bear out their forebodings.  
For the roads were badly cut by the  
tires of passing wagons. However,  
this proved the very thing, for after  
a split log drag had been run over  
them a few times and the ruts filled  
up it was found that the roads had  
been packed down just as they should  
be, and there has been no trouble  
since. No steam roller was necessary  
in building the roads, and no crushed  
rock used in the material. In fact,  
Mr. Parker thinks that it is a mis-  
take to use crushed rock at all.  
The various road districts of Ellis

county have voted about \$1,000,000 in  
bonds and as a result the black mud  
has lost all of its terrors. Some idea  
of the roads may be had from the  
fact that country gins are hauling  
from 4,000 to 6,000 pounds of seed  
over them at a load. B. N.

### WILL KNIFE EACH OTHERS

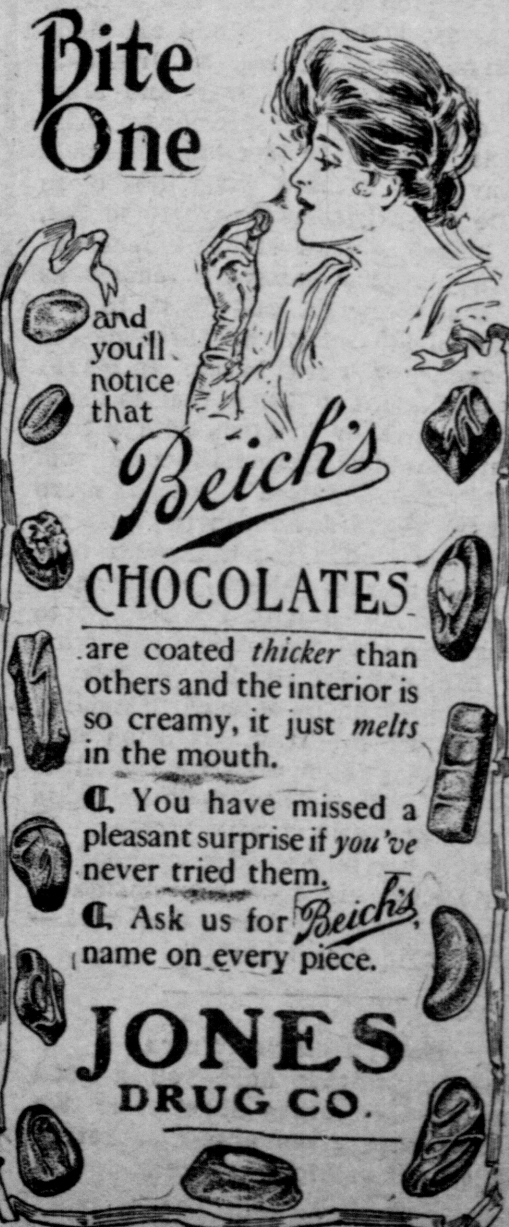

OTHERS CANDIDATES.

New York, Sept. 14.—Former Con-  
gressman William P. Hepburn, of  
Iowa, is quoted in the Des Moines Tri-  
bune, as follows:

"I shall not be surprised to see the  
Democrats make a clean sweep in No-  
vember. So far as I am concerned, I  
will support no man who will not sup-  
port the Roosevelt ticket, and I think  
there are many others of the same  
mind."

Col. Hepburn is correct in his  
guess. The regular Republican or-  
ganization is sure to knife every leg-  
islative candidate who is for Roose-  
velt, and the third term party will re-  
turn the compliment on the Taft men.  
The voters generally, as a result, are  
turning to the Democratic party, and  
its candidates, as a welcome relief  
from an intolerable condition.

## ELKS DANCE PARTY HONOR ADA NORRIS

There was a reception and dance party last evening at the Elks' commodious quarters given by Mrs. Josephine Norris in honor of Miss Ada Norris, who is returning to the notable Southern college for girls at Belmont early next week, for her finishing year.

Congenial with this leading social occasion, in honor of Miss Ada Norris, was its acceleration by the attendance of honor guests outside of Ada of Mr. D. P. Sparks, Mrs. Norris' brother, and Miss Lucile Pace, both of Shawnee. Mr. Sarks, unusual for the youth of his bachelor days, is foreman of the intricate end of the Rock Island railway shops of Shawnee, and Miss Lucile Pace, special guest of Miss Ada Norris, even ahead of the honor of the near conclusion of her college career, has decided social preference at Shawnee, where she and Miss Ada Norris so happily associated together as classmates in grades of the public schools.

The Elks' party at the Elks' home had its further inspiration and the happiness of its occurrence by reason of the presence in the city of Miss Elizabeth Portwood of Fort Worth and Miss Frances Wolfe of Denison, the former visiting her aunts, Mrs. C. A. Galbraith and Mrs. W. H. Eber, and the latter her friend Mrs. George Frierson, both of West 17th street.

The occasion at the Elks' last evening was attended with every pleasure without the infliction of a single ill, notwithstanding the incumbrances of the 1.85 inch rainfall. Some of the gentlemen there really got more than their share of the Miss Ada Norris party, for while the recipients, to the utmost, of all the social pleasures afforded, they could also understandingly view from the several open sides of the Elks' home the fall of the rain which further contributed to the weight of their already rather well filled granaries.

Mr. B. P. Sparks, Miss Lucile Pace, and Otis Weaver of Shawnee, who were guests at this reception-dance, returned home this afternoon.

## R. C. ROLAND PRESIDENT OF W.O.W ORGANIZATION

R. C. Roland returned this morning from Muskogee, where he attended the big gathering of Woodmen. A Manager's Association, embracing the four states of Oklahoma, Arkansas, Missouri and Kansas was organized and Mr. Roland had the distinguished honor of being elected president for the first year. Other officers were R. T. Simmons, Newport, Arkansas, vice president; J. B. Pendergrass of Eureka Springs, Arkansas, secretary, and C. C. Tribbitt of Council Bluffs, Missouri, treasurer. The next meeting will be held at Fort Smith, the third Tuesday in January.

He reports that the Ada team acquitted itself well. The endurance march was in progress when he left with the Ada boys in the lead. The company will return this evening.

In the floor contest Norman won first honors and Kansas City second.

In the Woodmen Circle contest Mr. Roland, Ed Lowery of New York City and Judge Elderson of Little Rock were judges. The other two gave the decision for first honors to the Oklahoma City drill team, but he insisted that Ardmore was entitled to it, a decision in which he was backed by the large audience in attendance at the time.

### The Dancer.

"His little slanting eyes followed the butterfly movements of Lan-Tin here and there, the free toss of her little head and the graceful abandon of her arms as she flung them over her head, and again brought them down with a sweeping bend to the very ground. Lan-Tin forgot the mandarin and all his regal magnificence. She was playing a pretty little game of make-believe. She was the wind blowing through the plum tree. Tossing and twirling, bending low as did the drooping branches, waving slowly, rushing fiercely like a tiny whirlwind. With flushed cheeks and glowing eyes she was the spirit of the wind.

"Then a funny thing happened. From outside the windows that opened on the perfumed Chinese night came the sound of loud hand-clapping and deep, strange voice shouting 'Brava!' She dropped down on a cushion, no longer a wind fairy, but a little wilted flower."—From "The Tale of Little Lan-Tin," by Flo Hingler.

### Benefits of Royal Academy.

A membership of the Royal academy of London carries with it numerous advantages. In a word the academy is a benefit society founded on a very generous scale. The pension fund of Burlington house is a splendid one. Any Royal Academician who falls upon hard times or who is prevented by ill health from following his profession may claim a pension, and the pension sometimes runs into as much as \$2,000 a year.

The Royal Academician who dies in straitened circumstances and leaves his widow and children insufficiently provided for is not thought any the less of for his ill fortune. The Royal academy shows its sympathy by generously allowing those who were dependent on him a liberal sum for their maintenance. And the wife and the children of a deceased Royal Academician receive many kindnesses and acts of charity from the hands of the living Royal Academicians, which are quite distinct from those given by this academy.—National Magazine.

### Uncle Henry's Aphorism.

"Lean men usually have pessimistic leanings," said Uncle Henry Butterworth. "But the fat fellow who sits down and is a hull cheer full, usually takes a cheerful view of things."

## SLEDS USED IN THE YUKON

Not Constructed Along Lines of Beauty, but for Hard Work They Are Perfection.

The Yukon sled, while not a thing of beauty, is built to stand all kinds of hard wear, or, as the Irishman said, "It will last forever, and after that can be used for firewood." The sled is about eight feet long, is made of any kind of hard wood, lies close to the ground, costs from \$10 to \$14, and makes a trail sixteen inches in width. Another pattern is known as the basket sleigh, and it is to the Yukon sleigh what a three-masted schooner is to a coal barge. In length it is from eight to fifteen feet, is made of birch, oak or hickory, cuts a trail twenty-two inches in width, costs from \$40 to \$200, is raised a foot or more from the runners, and, in the best examples, is lashed together with rawhide. The basket sleigh, as its name implies, is fitted with a basket, into which the load is placed, and from the back of the basket a pair of handles project, to be used in guiding the sled on the trail. It often happens that a Yukon sled will be fitted with a home-made basket, in imitation of its more aristocratic brother. In very cold weather wooden runners are best, but in ordinary circumstances steel or brass runners are used.—Wide World Magazine.

The De Sota offers a fine program this evening consisting of two splendid pictures. One of these is a Rex, entitled, "Thus Many Souls." The other is entitled, "Their Guardian Angel," and the background shows the beautiful scenery around Lake Como, Italy. Coming soon, "In Old Tennessee."

The Prior-Whittier Co. continue to be the wonder and admiration of the Ada public. Their magic tricks excite both emotions, for these performers cannot be excelled anywhere. ## PONTOTOC CO. ASPHALT TO KANSAS CITY

As a further proof of the increasing fame of Pontotoc county asphalt it is only necessary to cite the fact that shipments are now being made from the Herring mines west of town to Kansas City, where it is being used for the first time. This is also the greatest distance any shipments have been made to date, but with the field once established, there is no way of telling how many cities will hereafter use the Oklahoma product in preference to that from Trinidad, South America, which until recently held a monopoly of this valuable paving material.

### H. C. Pearson Dead

Mayor Ratliff is in receipt of a letter from a son of H. C. Pearson, familiarly known as "Dad" Pearson, stating that he had died a few days ago. He desired to thank the citizens of Ada for their past kindness to his father. Deceased lived at Ada for several years, and some months ago was injured by a fall. He went to Georgia to live with his children and evidently never fully recovered from his injuries. Mr. Pearson was a Confederate veteran.

### A Correction.

The attention of the News has been called to a slight typographical error occurring in Monday's paper. In giving the list of marriage licenses it was stated that one had been issued to John Chambers and Miss Mayde McHugh. The lady's name should have been Madge McHugh. They were well known road people, who were married here a day or two before the publication of the list.

## ARDMORE RECALLS COMMISSIONER IKARD

Ardmore, Okla., Sept. 14.—The first election under the recall provision of the charter of this city was held yesterday and resulted in an overwhelming vote recalling Police Commissioner M. Ikard and electing as his successor L. C. Slaughter, who for the past ten years has been chief of the fire department. Mr. Slaughter received 727 votes and M. Ikard received 309. Every precinct in the city gave Mr. Slaughter a substantial majority.

### A New Version.

"Talking about dry towns, have you ever been to Leavenworth, Kas.?" asked the commercial traveler in the smoking car. "No! Well, that's the dry town for you all right. 'They can't sell booze at all there,'" asked one of the men. "Only if you have been bitten by a snake," said the traveler. "They have only one snake in the town, and when I got into it the other day, after standing in line for nearly half a day, it was too tired to bite."

A store that is prepared to make the most of the prosperous fall season is that of I. Harris, who always keeps right up with the procession both as to stock and prices. These items he has always kept before the public by advertising liberally and as a result his store has grown from a small beginning to its present magnificent proportions. Once a customer of his, always a customer.

## NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., Sept. 14.—Fresh news will be added to the national political campaign during the week by Governor Woodrow Wilson's tour of the middle west. It will be Governor Wilson's first visit to that section of the country since he entered the presidential race. The itinerary arranged for him is as follows: Tri-State Fair, Sioux City, Iowa, Tuesday; democratic mass meetings in Minneapolis and St. Paul, Wednesday; democratic mass meeting in Milwaukee, Thursday; opening of the Ohio democratic campaign in Columbus, Friday; democratic mass meeting in Pittsburgh, Saturday.

According to an announcement from his secretary, President Taft has no public engagements that will take him away from the summer white house at Beverly during the week.

Senator Lodge of Massachusetts will be the orator of the day at the formal opening of the republican national campaign, which has been set for next Saturday at Columbus, O. Governor Wilson, the democratic nominee for president, will be heard in the same place the day previous.

Primaries will be held in New York state on Tuesday for the selection of delegates to the state convention. It will be the first time in New York that the primaries have been held under the direct nominations system.

The first state-wide primary election in Minnesota will be held Tuesday, when the voters of all parties will express their choice for candidates for United States senator, representative in congress and governor and other state officers. The candidates for the various places on the ticket are not very numerous. The largest field is of candidates for governor, with six republicans, two democrats and three candidates of the minor parties in the ring. Most interest centers in the fight to defeat Governor Eberhart, republican, for renomination.

The government will begin the taking of evidence in Chicago Monday against the International Harvester Company, which is charged in a dissolution suit filed last May with violating the Sherman anti-trust law. Civil war veterans throughout the country will hold numerous reunions on Tuesday in observance of the semi-centennial anniversary of the battle of Antietam, one of the most memorable battles of the war.

The banquet to be given in St. Paul Monday in compliment to James J. Hill, the great railroad builder and executive, is expected to bring to-

## ANNIVERSARY OF SOUTH MOUNTAIN BATTLE

Washington, D. C., Sept. 14.—Fifty years ago today the national capital was anxiously awaiting news of the outcome of the great battle that was being fought by the Union and Confederate armies at South Mountain, less than fifty miles distant from Washington. This battle was really the decisive one of the Maryland campaign and led to the great fight at Antietam three days later.

South Mountain is a spur of the Blue Ridge range, extending north of the Potomac from Harper's Ferry. There are two passes through the mountains, one known as Turner's gap and the other as Crampton's gap. The first named affords a passage from Frederick to Williamsport, while Crampton's gap, a few miles to the south, gives a similar opening to Harper's Ferry.

General Lee, after the victory at Bull Run August 30, had crossed the Potomac and invaded Maryland. A few days later he divided his forces, sending "Stonewall" Jackson to capture Harper's Ferry. To relieve Harper's Ferry, Gen. McClellan ordered Gen. Franklin through Crampton's gap. The remainder of the federal army was to pass through Turner's gap and fall upon Gen. Lee's main column.

Gen. D. H. Hill, of the Confederate forces, succeeded in reaching Turner's gap before the federals. The Confederate general McLaws likewise succeeded in getting into position at Crampton's gap. The battles of the 14th were fought to wrest these positions from the Confederates.

As Gen. Lee's object in occupying and holding these positions to delay the federal advance until the capture of Harper's Ferry and the concentration of his forces, they were held tenaciously. Gen. Hill, reinforced by Longstreet's corps, succeeded in holding Turner's gap until the day was ended. Gen. Franklin forced Crampton's gap late in the afternoon, but not soon enough to relieve Harper's Ferry. This important point fell into the hands of the Confederates and Gen. Lee was enabled to unite his forces for the battle of Antietam.

**CRUCE MAY PAROLE BOYS IN REFORM SCHOOL.**

Oklahoma City, Okla., Sept. 13.—If boys confined in the State Training School have parents or guardians who will send them to free school and see that they attend, Gov. Cruce will issue a release papers for them. The governor dictated a letter yesterday to State Superintendent Wilson for him to ascertain the number of inmates of the penal institution that may be released under those conditions. There is nothing in the letter, the governor said today, justifying the story that a probe of the institution is to be made. Two boys recently paroled called on the governor yesterday and told him they had been well treated. There was one boy in the institution, which answers the purpose of house of correction in most state, only 6 years of age. Gov. Cruce said he could not understand why a court would sentence a baby to a penal house, and he told the state superintendent in his letter that he would parole all boys whose parents, guardians, or who could find persons interested in them, who would place the boys in school with the advantages of home life.

## A Cure From The Forest

Nature in her wisdom and beneficence has provided, in her great vegetable laboratory, the forest, a cure for most of the ills and ailments of humanity. Work and study have perfected the compounding of these botanical medicines and placed them at our disposal. We rely upon them first because of their ability in curing disease, and next because we can use them with the confidence that such remedies do not injure the system.

Among the best of these remedies from the forest is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the safest of all tonics. It does not contain the least particle of harmful mineral. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison and all other diseases dependent on impure blood. As a tonic S. S. S. builds up the system by supplying a sufficient amount of vigor and nourishment to the body. It is perfectly safe for young or old. Book on the blood and any medical advice free.

## VICTOR ALLEN ACQUITTED OF MURDER CHARGE.

Wytheville, Va., Sept. 13.—Victor Allen, last of the Allen clansmen to be tried, was acquitted today of the charge of having participated in the Carroll county court house murders at Hillsville last March.

Argument in the case was concluded this afternoon and the jury retired at 4:30 o'clock. After remaining out thirty minutes the verdict was returned. The announcement of not guilty occasioned a demonstration by the spectators present, a large number of whom were women.

With the permission of the court the prosecution dismissed several other indictments pending against Victor Allen.

The prisoner was visibly moved by the verdict. Surrounded by his four children he received congratulations from many friends present.

The trial was the last of those growing out of the killing in the Carroll county court house last March of the presiding judge, the sheriff, the commonwealth's attorney, a juror and a witness by the Allen clan.

For the murders Floyd Allen and Claude Allen, father and brother of Victor, have been sentenced to death in the electric chair. Friel Allen and Sidna Edwards both were given long terms in the penitentiary. Sidna Allen and Wesley Allen, the two members of the clan who escaped, are still at liberty.
